

Holmatro Parts

Sample of some items on Hand & For Sale @ Santiam Emergency Equipment
5/12/2015

I will show a few of the items down below...and a few of the larger ticket ones like plungers and CORE testing equipment. The much more complete list has much more things. Includes pump plungers as well. Also tons of Honda engine parts. Everything for an extremely active dealer to have in stock as of several years ago. We have lots of seal kits, now super hard to find since Holmatro discontinued support for the older tools. We have plenty of 1000 series and 2000 series seal service kits, and also lots of 3000 series (which is same as 4000 series for this)... The larger equipment list will be more exact with part #s, item descriptions, etc.

Holmatro CORE Service Equipment

Includes:

- 1 ea Blue 4' CORE hose
- 1 ea Orange 4' CORE hose
- 1 ea Green 4' CORE hose
- 1 ea CORE pressure gauge
- 2 ea CORE bleeder valve (to check Crossover / Changeover valve setting)
- 2 ea CORE system flushing device w/ drain hose (only way on CORE tools the hoses and tools can have the hydraulic fluid flushed).
- 1 ea CORE female coupler wrench tool (connect into female coupler so as not to mar coupler when taking it off or putting it on).

NOTE:

- A Normal Holmatro CORE service kit includes
- 1 ea CORE pressure gauge
 - 1 ea CORE female coupler wrench tool
 - 1 ea CORE bleeder valve
 - 1 ea CORE system flushing device w/ drain hose
 - 2 ea CORE 4' hose in whatever color...so that heavy testing devices do not damage fittings on pump or tool

Holmatro Ram Piston for 3321, & 3322
Rams
(also should be for 2004, 2005, 4321, 4322)

Holmatro Tool Piston
Believe this one was large diameter piston for 3350
telescopic ram (also 4350)...

Holmatro Tool Pistons... Top appears to be piston for 3321 ram and bottom for a cutter, possibly model 2001 cutter.

Same pistons as picture to the left...

Tools to work on Holmatro tools.

Includes 2 ea ram piston tools, multiple spanner wrenches, early model 2001 piston tool (have a few of them), Crows Feet (for most 2000 and 3000 series cutters & combi-tools), PPU/TPU pump special tools (to take them apart), etc.

Holmatro Force Testing Device

Allows you to test battery powered and manual powered tools, since no other way to do it...
